PROFILE

Senior Frontend Engineer with 5+ years of experience building scalable, high-performance web applications using React, Next.js, and TypeScript. Experienced in designing and implementing frontend architecture, reusable component systems, and complex workflows for enterprise-grade applications. Skilled in state management, API integrations, form handling, and responsive UI development, with a focus on performance, accessibility, and maintainability. Known for taking full ownership of features from design to production, collaborating effectively with cross-functional teams, and thriving in fast-moving, async environments.

SKILLS

JavaScript • TypeScript • React • Next.js • React Query • Tailwind CSS • HTML5 • Redux • Redux Toolkit • Material UI • Styled-Components • Chakra UI • SASS • CSS3 • Bootstrap • Express.js • PostgreSQL • Git

TOOLS

Visual Studio Code, Git (Github), Microsoft Teams, AWS, Heroku, Netlify, Jira, Azure DevOps, Click up, Trello, Agile, and Scrum team.
